

Accenture Federal Services Supplier Standards of Conduct

Introduction

At Accenture Federal Services (AFS), we value high performance in our business and our people, including our suppliers. Our ambition is to create more sustainable and more inclusive supply chains through a mindset of responsible buying, both inside and outside our company, while generating long-term value for our clients, suppliers, and communities. Values-based business ethics continues to be at the core of all we do. The complex, regulated, and competitive federal environment in which we work requires that we understand critical ethics and compliance guidelines, as well the unique rules for doing business with our principal client, the U.S. Federal Government.

The relationship between AFS and our suppliers is an important component to achieving high performance in our business. Our AFS Supplier Standards of Conduct set forth the principles and practices that AFS suppliers are required to uphold. AFS is committed to helping our suppliers comply with these standards. In turn, AFS expects all suppliers to apply these standards to their suppliers and across their supply chains.

Thank you for your continued efforts and collaboration to adhere to the AFS Supplier Standards of Conduct. Please direct all questions about these standards to your AFS Procurement Representative.

Accenture Federal Services Supplier Standards of Conduct

Our Supplier Standards of Conduct at a Glance

Our Supplier Standards of Conduct are built on the framework of Accenture's and Accenture Federal Services' core values: **Stewardship, Best People, Client Value Creation, One Global Network, Respect for the Individual, and Integrity**. Our core values shape the culture and define the character of our company. They guide how we act and make decisions. Each core value is supported by action statements and specific behaviors that we expect of our suppliers.

1. **Stewardship**

- 1.1. Comply with all applicable environmental laws
- 1.2. Protect AFS, Accenture, and client confidential information and intellectual property rights

2. **Best People**

- 2.1. Do not discriminate in employment or hiring practices
- 2.2. Comply with "revolving door" and Procurement Integrity Act restrictions
- 2.3. Complete all AFS-required trainings by their applicable deadlines

3. **Client Value Creation**

- 3.1. Deliver quality and comply with terms and conditions of AFS contracts
- 3.2. Submit accurate proposals, invoices, and certifications to AFS
- 3.3. Maintain accurate books and records and provide audit assistance
- 3.4. Comply with the Anti-Kickback Act
- 3.5. Ensure accessibility to Persons with Disabilities
- 3.6. Protect Accenture Federal Services and Government-supplied property

4. **One Global Network**

- 4.1. Comply with applicable competition laws
- 4.2. Do not seek or obtain competitors' non-public proprietary information or Federal Government sensitive information relating to a procurement
- 4.3. Do not make improper "contingent payments" to obtain Federal Government business
- 4.4. Comply with all applicable international trade regulations and deliver products and services that meet the Federal Government's country of origin and domestic preference restrictions
- 4.5. Do not perform work outside of the United States
- 4.6. Comply with all conflict minerals rules and laws
- 4.7. Protect and use data and new technologies responsibly
- 4.8. Design, develop, and deploy artificial intelligence responsibly
- 4.9. Comply with all applicable lobbying requirements

5. **Respect for the Individual**

- 5.1. Treat people with respect and dignity
- 5.2. Allow employees the freedom of association and collective bargaining
- 5.3. Do not use, encourage, or engage in forced labor, human trafficking, or harmful child labor
- 5.4. Comply with all applicable employment laws
- 5.5. Provide a safe, healthy work environment
- 5.6. Do not participate in inappropriate use of social media

6. **Integrity**

- 6.1. Do not offer inappropriate gifts or entertainment to AFS employees or third parties, and do not give or accept bribes.
- 6.2. Comply with all applicable anti-money laundering and counter-terrorist financing laws
- 6.3. Avoid conflicts of interest

Accenture Federal Services Supplier Standards of Conduct

- 6.4. Avoid insider trading
- 6.5. Do not use counterfeit parts
- 6.6. Submit accurate claims and statements and comply with Mandatory Disclosure obligations
- 6.7. Protect the privacy of personal information
- 6.8. Maintain an ethics and compliance program

1. Stewardship

Accenture Federal Services suppliers are conscious of their impact on the environment and strive to preserve our natural resources for future generations. At a minimum, AFS suppliers comply with all applicable environmental laws and regulations such as waste management and recycling. AFS suppliers protect Accenture, AFS, and client confidential information and intellectual property.

1.1 Comply with all applicable environmental laws

Accenture Federal Services suppliers comply with all applicable environmental laws, regulations, and standards.

1.2 Protect AFS, Accenture, and client confidential information and intellectual property rights

Accenture Federal Services suppliers respect and comply with all the laws governing intellectual property rights assertions, including protection of patents, copyrights, and trademarks. AFS suppliers respect and maintain the confidentiality of AFS, Accenture, and client non-public information. AFS suppliers abide by access and disclosure restrictions of the U.S. Government and their contracts with AFS.

Accenture Federal Services suppliers have security standards, policies, and controls to protect and responsibly use any physical and electronic information. AFS suppliers maintain documented emergency response and disaster recovery plans to provide protection of data and intellectual property and the business continuity of the services and/or goods being provided to AFS. AFS suppliers comply with laws and regulations relating to security, as well as their contracts with AFS.

2. Best People

Accenture Federal Services suppliers attract and develop the best talent for their business regardless of individual characteristics. They ensure that their employees take any required AFS training.

2.1 Do not discriminate in employment or hiring practices

Accenture Federal Services suppliers provide equal employment opportunities and do not discriminate on the basis of age, sex, color, religion, disability status, national origin, race, creed, past or present membership in the uniformed services, marital status, sexual orientation, gender expression or identity, citizenship status, genetic information, or any other basis as protected by Federal, state or local law. Local laws and certain contracts may require AFS suppliers to, or may give AFS suppliers the right to, protect or give priority to a particular category of people when making certain hiring or employment decisions.

2.2 Comply with “revolving door” and Procurement Integrity Act restrictions

Accenture Federal Services suppliers observe “revolving door” post-Government employment restrictions and do not engage in employment discussions with current Government employees unless the employees have recused themselves from work involving the supplier. AFS suppliers abide by any compensation bans applicable for Government employees after leaving Government employment.

2.3 Complete all AFS-required trainings by their applicable deadlines

Accenture Federal Services suppliers help their employees comply with our Supplier Standards of Conduct by ensuring that their employees take AFS-provided training when required by contract.

3. Client Value Creation

Accenture Federal Services suppliers provide value for money and continually seek to improve their products and services.

3.1 Deliver quality and comply with terms and conditions of AFS contracts

Accenture Federal Services suppliers comply with all AFS and customer specifications, requirements, terms, and conditions set forth in their contract. AFS suppliers do not substitute a different product or service or use independent contractors to support AFS contracts without prior written authorization. AFS suppliers follow all applicable AFS and customer security requirements.

3.2 Submit accurate proposals, invoices, and certifications to AFS

Accenture Federal Services suppliers that prepare proposals, engage in contract negotiations, or otherwise communicate with clients in collaboration with or on behalf of AFS ensure that all statements, communications, and representations are accurate and truthful. AFS suppliers submit accurate and timely invoices and promptly correct and notify AFS of any invoice errors or overpayments. AFS suppliers ensure their employees maintain accurate and complete time and expense entries and reports. AFS suppliers ensure all costs are appropriately allowable and allocable. AFS suppliers ensure the accuracy of all submissions to either AFS or its clients.

3.3 Maintain accurate books and records and provide audit assistance

Accenture Federal Services suppliers maintain accurate books and records in accordance with regulatory requirements for document retention timelines. AFS suppliers provide prompt assistance when asked by AFS to participate in an audit response or Government investigation. When directed by AFS Legal or otherwise required by law, preserve relevant records and suspend routine destruction when litigation, audits, investigations, or Government inquiries are pending or reasonably anticipated.

3.4 Comply with the Anti-Kickback Act

Accenture Federal Services suppliers enter into agreements based on merit and do not accept kickbacks in any form, including contingency fees, gratuities, commissions, rebates, or discounts that are made for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract, or in connection with a subcontract relating to a prime contract.

3.5 Ensure accessibility to Persons with Disabilities

Accenture Federal Services suppliers ensure that accessibility needs are included as part of their own procurement processes. AFS suppliers who sell or license hardware, software, web and internet-based content, learning and information technology or offer technology solutions as part of their products and services must also ensure that all products, software and/or services that

Accenture Federal Services Supplier Standards of Conduct

are provided to AFS meet all applicable accessibility standards, including (but not limited to) Section 508 of the Rehabilitation Act of 1973, as applicable.

3.6 **Protect Accenture Federal Services and Government-supplied property**

Accenture Federal Services suppliers properly safeguard AFS or Government-furnished property and promptly report loss, damage, theft, or destruction of such property. AFS suppliers only use such property for authorized purposes.

4. **One Global Network**

Accenture Federal Services suppliers mobilize the power of teaming to consistently deliver exceptional products and services. They understand and comply with laws and regulations that apply to their business

4.1 **Comply with applicable competition laws**

Accenture Federal Services suppliers understand and comply with all applicable competition laws, including those related to teaming and information-sharing with competitors (whether through joint ventures, alliances, or other collaborations).

4.2 **Do not seek or obtain competitors' non-public proprietary information or Federal Government sensitive information relating to a procurement**

A critical aspect of Federal Government competitions is a level playing field. A competitor with access to protected information belonging to the Federal Government or another competitor may have an unfair advantage. AFS suppliers do not seek to obtain non-public competitor or source selection information during Government competitions. If such information comes into the hands of an AFS supplier, the AFS supplier acts appropriately to contain it and notifies AFS and the impacted parties.

4.3 **Do not make improper "contingent payments" to obtain Federal Government business**

Accenture Federal Services suppliers do not make payments to third parties that are contingent solely on the supplier or AFS receiving Federal Government business.

4.4 **Comply with all applicable international trade regulations and deliver products and services that meet the Federal Government's country of origin and domestic preference restrictions**

Accenture Federal Services suppliers comply with all applicable international trade regulations (i.e., export controls, economic sanctions, and anti-boycott laws). AFS suppliers do not alter or remove the country of origin markings on products to be delivered to the Federal Government. AFS suppliers purchase services for use on Federal engagements in compliance with applicable domestic preference laws. AFS suppliers provide AFS with complete and accurate information necessary for compliance with such laws, when requested.

4.5 **Do not perform work outside of the United States**

Accenture Federal Services Supplier Standards of Conduct

Accenture Federal Services suppliers do not perform AFS-related work or take information related to an AFS contract outside of the continental United States without prior written approval from AFS.

4.6 Comply with due diligence requirements arising under all applicable laws

Accenture Federal Services suppliers comply with all due diligence requirements arising under applicable laws and shall adopt policies and procedures that are reasonably designed to ensure compliance with such laws. Accenture Federal Services suppliers shall prevent products, commodities or parts that are not produced, placed on the market or sourced responsibly and in accordance with applicable law from entering the Accenture Federal Services' supply chain.

Accenture Federal Services suppliers comply with all applicable conflict minerals rules and adopt policies and procedures that are reasonably designed to prevent products or parts that are not responsibly sourced from entering Accenture Federal Services' supply chain.

Accenture Federal Services suppliers participate in Accenture Federal Services' due diligence efforts by (i) annually reporting to AFS regarding 3TG minerals (tantalum, tin, tungsten, and gold) being sourced for parts that are used in AFS products, (ii) cooperating with any inquiries or due diligence that AFS chooses to perform with respect to the 3TG minerals used in its products, and (iii) working with their own suppliers to identify the chain of custody of any 3TG minerals supplied and used in Accenture Federal Services' products (including the country of origin, smelter or refiner, mine location, and status of any 3TG Minerals).

4.7 Protect and use data and new technologies responsibly

In addition to complying with all relevant laws and regulations pertaining to the use of data and data privacy, Accenture Federal Services suppliers implement required and appropriate cybersecurity measures and otherwise safeguard the data of AFS, its clients and business partners, including their employees and customers, and other third parties. AFS suppliers are required to disclose and obtain appropriate permissions to use such data for advanced analytics and artificial intelligence. Suppliers do not use such data to train artificial intelligence technologies or models without Accenture Federal Services' specific and express permission to do so and ensure robust protection of data from unauthorized use or disclosure, AFS suppliers use data—and related new technologies—responsibly and proactively address ethical, safety, and legal considerations that arise.

Accenture Federal Services suppliers who handle AFS data or client data or have access to AFS or client devices or technology are required to follow AFS requirements for the protection and use of AFS company, client and other third-party information, devices, and technology. Accenture Federal Services suppliers store Accenture Federal Services' data and information appropriately, use authorized devices, and comply with applicable cybersecurity, data protection, classification, and other security laws, regulations and contractual obligations.

Accenture Federal Services Supplier Standards of Conduct

4.8 Design, develop, and deploy artificial intelligence (AI) responsibly

In addition to complying with all relevant laws pertaining to the development and use of AI, Accenture Federal Services suppliers are responsible for the governance, design, development, monitoring, and performance of AI in their organization, across the entire AI ecosystem and lifecycle, including existing or emerging AI technologies and all AI related or enabled products (such as data models, solutions, systems and tools) that the organization may design, build and maintain themselves, or procure or acquire externally. They prioritize human-centric approaches in their processes, establish governance frameworks that uphold honesty and fairness in system design and decisions, ensure an appropriate level of AI literacy within their organization, and ensure that their general AI systems are safe, secure, auditable, transparent, and explainable. The outcomes of AFS supplier AI systems align consistently with Accenture's core values, Code of Business Ethics, Responsible AI Principles, AFS Standards of Federal Business Ethics and Conduct, and Accenture Federal Services' commitment to being a responsible business.

4.9 Comply with all applicable lobbying requirements

Accenture Federal Services Suppliers are knowledgeable of and compliant with all applicable lobbying rules and regulations, including the Lobbying Disclosure Act of 1995. They report their time spent working with Federal Government representatives accurately and timely and work with registered lobbyists for Federal advocacy efforts. AFS suppliers coordinate with AFS Government Relations for all matters pertaining to lobbying on behalf of AFS and its subsidiaries.

5. Respect for the Individual

Accenture Federal Services suppliers ensure a welcoming environment, and treat people with respect and dignity.

5.1 Treat people with respect and dignity

Accenture Federal Services suppliers treat people with dignity and respect and maintain a respectful and safe workplace. They do not tolerate physical violence, threats, corporal punishment, mental coercion, verbal abuse, disrespectful behavior, bullying or harassment of any kind (whether or not such harassment is legally prohibited).

5.2 Allow employees the freedom of association and collective bargaining

Accenture Federal Services suppliers recognize and respect the right of their people to freely join or refrain from joining worker organizations of their choosing and enter into collective bargaining as permitted by law.

5.3 Do not use, encourage, or engage in forced labor, human trafficking, or harmful child labor

Accenture Federal Services suppliers do not use, encourage, or engage in human trafficking, slavery, servitude, forced, bonded, compulsory, indentured, or involuntary labor. Employees of AFS suppliers voluntarily agree to the terms and conditions of their employment without coercion and can freely terminate their employment either (i) immediately without notice, or (ii) on

Accenture Federal Services Supplier Standards of Conduct

reasonable notice (required notice periods are always set out in employment contracts and vary in relation to the seniority of the employee and the requirements of local laws).

In addition, where permitted by applicable local employment laws, AFS suppliers may recover from an employee who terminates their employment within a defined period: (i) training expenses, (ii) payments made for retention purposes, and (iii) hiring bonuses or other variable compensation. Notwithstanding this, AFS suppliers do not require employees to work a longer period than their contractual notice period for the AFS supplier to recover such expenses, payments, or bonuses.

Accenture Federal Services suppliers do not use, encourage, or engage in human trafficking. They do not, among other things: destroy, conceal, confiscate, or otherwise deny employees' access to identity or immigration documents; charge workers recruiting fees; employ recruiters that violate labor laws; provide housing that fails to meet safety or housing laws; use fraudulent or misleading recruitment practices; or fail to provide written work documents, where required, or provide documents in a language that their workers do not understand.

Accenture Federal Services suppliers do not use, encourage, or engage child labor. Child labor means labor that deprives children of their childhood, their potential, and their dignity, and that is harmful to their physical or mental development. AFS suppliers understand and do not violate applicable laws regarding minimum age requirements. They do not employ people under the age for completing compulsory education. AFS suppliers may operate workplace apprenticeship, work experience, or internship programs that comply with applicable laws.

5.4 Comply with all applicable employment laws

Accenture Federal Services suppliers comply with all applicable employment laws and regulations, including those around working time, overtime, and minimum wage requirements. In addition, AFS strongly encourages all its suppliers whose people directly provide services to AFS and/or its clients to commit to paying all such people a living wage, which will be higher than the legal minimum wage requirement and will consider relevant actual living costs.

Accenture Federal Services suppliers abide by applicable Government requirements to verify U.S. Citizenship when required by clients. Suppliers follow established guidelines and communicate specific requirements to potential hires seeking to work on client engagements that impose special requirements for access to restricted Federal Government-owned facilities and information, including security clearances.

5.5 Provide a safe, healthy work environment

Accenture Federal Services suppliers are committed to the health and safety of their people and of visitors to their work locations. AFS suppliers comply with all applicable access requirements, health and safety laws, provide a safe, healthy, and drug-free working environment, and take the necessary precautions to protect everyone from workplace threats, injuries and occupational disease.

5.6 Do not participate in inappropriate use of social media

Accenture Federal Services suppliers do not tolerate disrespectful or unprofessional usage of social media (whether or not such usage relates to AFS, its business, clients, employees, or business partners) such as posting content that is abusive, malicious, obscene, threatening or

Accenture Federal Services Supplier Standards of Conduct

intimidating, or that contains derogatory ethnic, religious, gender or other inappropriate or offensive statements in any message or post. AFS suppliers do not allow their employees to post information related to the work they do for AFS.

6. Integrity

Accenture Federal Services suppliers understand and comply with all applicable laws. AFS suppliers inspire trust by taking responsibility, acting ethically, and encouraging honest and open debate.

6.1 **Do not offer inappropriate gifts or entertainment to AFS employees or third parties, and do not give or accept bribes.**

Accenture Federal Services suppliers do not make bribes or any other improper payment directly or through a third party, including in the form of gifts, meals, travel, or entertainment, to AFS employees, public officials (including U.S. and foreign government and quasi-government employees), commercial clients, business partners, or other third parties; and employees of AFS suppliers do not accept gifts, meals, travel, or entertainment from third parties that are, or could be perceived as, bribes.

6.2 **Comply with all applicable anti-money laundering and counter-terrorist financing laws**

Accenture Federal Services suppliers comply with anti-money laundering and counter-terrorist financing laws wherever they do business and do not engage in or assist any third parties with these crimes.

6.3 **Avoid conflicts of interest**

Accenture Federal Services suppliers avoid all conflicts of interest or situations giving the appearance of a potential conflict of interest in their dealings with AFS. We expect our suppliers to provide notification to all affected parties in the event that an actual or perceived organizational conflict of interest arises.

6.4 **Avoid insider trading**

Accenture Federal Services suppliers and their employees comply with insider trading laws and do not use material, non-public information obtained in the course of their business relationship with AFS as the basis for trading or for enabling others to trade in the securities of Accenture or any other company.

6.5 **Do not use counterfeit parts**

Accenture Federal Services suppliers develop, implement, and maintain methods and processes appropriate to their products to minimize the risk of introducing counterfeit parts and materials into contract deliverables. These processes should detect counterfeit parts and materials, provide notification to recipients of counterfeit product(s) when warranted, and exclude them from the delivered product. Where applicable, AFS suppliers comply with relevant laws and government

Accenture Federal Services Supplier Standards of Conduct

regulations related to supply chain risk management and avoidance, detection, and use of counterfeit parts.

6.6 **Submit accurate claims and statements and comply with Mandatory Disclosure obligations**

Accenture Federal Services suppliers submit only accurate claims and statements to AFS, the Government, and third-party assessors. They promptly notify AFS of credible evidence involving fraud, bribery, gratuity violations, False Claims Act violations, or significant overpayment.

6.7 **Protect the privacy of personal information**

Accenture Federal Services suppliers secure personal information received from AFS or collected on behalf of AFS (AFS personal information). Accenture Federal Services suppliers protect AFS and AFS clients' personal information against unauthorized access, use, and disclosure, in accordance with applicable privacy and data protection laws, AFS-provided standards and contractual terms and conditions, and industry best practices. Accenture Federal Services suppliers process only the minimum personal information necessary to accomplish the purpose that is permitted and disclosed and must timely dispose of personal information in accordance with applicable retention schedules, legal or contractual requirements. Accenture Federal Services suppliers do not use AFS personal information for any purpose other than the contractually specified purpose, including for their own business purposes, without specific prior written permission from Accenture Federal Services that identifies the specific data that may be used and the purpose for which it may be re-used by the supplier.

Accenture Federal Services suppliers recognize that any collection, use, sharing, or retention of AFS personal information must be based on individual consent and/or notification, or a legitimate, compelling business purpose, or other mandatory requirement, and strictly in accordance with the contractual terms and conditions agreed with Accenture Federal Services and applicable legal requirements. Accenture Federal Services suppliers employ adequate data access, data minimization, data retention, and data security policies and procedures to process and transfer AFS personal information.

Where legally permitted, Accenture Federal Services suppliers inform AFS, as soon as reasonably practicable, of any Government request relating to AFS Personal Data. If informing AFS is not legally permitted, Accenture Federal Services suppliers take the necessary steps to have AFS informed by or on behalf of the public authority as soon as practicable. Accenture Federal Services suppliers maintain a documented log of requests for access to AFS Personal Data received from public authorities and the response provided.

6.8 **Maintain an ethics and compliance program**

Accenture Federal Services suppliers have, commensurate with their size and nature of their business, management systems in place to support compliance with laws, regulations, and the expectations related to or addressed expressly within these Supplier Standards of Conduct. AFS expects its suppliers to flow down the principles of these Supplier Standards of Conduct to the entities that furnish them with goods and services.

7. Accenture Federal Services' Audit Rights in Relation to These Standards of Conduct

Accenture Federal Services may audit, at its own cost and expense, an AFS supplier's adherence to these Standards of Conduct in relation to the locations where, or from which, goods or services are provided to AFS. Such audits may be conducted during normal business hours once annually, and AFS will provide at least 60 days prior written notice of its intention to conduct such an audit. AFS will conduct such audits in a manner that will result in minimal disruption to the AFS supplier's business and Human Resource (HR) operations. Accenture Federal Services' employees or independent representatives (who must not be competitors of the AFS supplier) may conduct these audits and will execute appropriate confidentiality agreements prior to such audits.

For the purposes of this audit, the AFS supplier will provide Accenture Federal Services' employees and independent representatives with reasonable access to relevant information about the AFS supplier's policies and procedures. The AFS supplier's reasonable costs and expenses may be charged to AFS if more than 2 business days of effort by the AFS supplier are required in relation to the relevant audit. Unless otherwise agreed in writing, AFS will not be entitled to audit other confidential information of the AFS supplier, including: (i) information about other clients or business partners of the AFS supplier; (ii) cost or pricing information not otherwise subject to review or audit under the terms and conditions of any other agreement between AFS and the AFS supplier; (iii) internal employee surveys or survey results; (iv) employee demographic information; (v) information about grievances or legal claims; (vi) legally privileged advice; or (vii) non-public personal data relating to employees (including individual training records). AFS will not be entitled to interview randomly selected AFS supplier employees.

Accenture Federal Services shall notify the AFS supplier if any matters of concern are identified by its audit, and the parties may agree to meet to discuss such concerns.

8. Violation of These Standards of Conduct or Applicable Laws

Failure to comply with these Standards of Conduct or with applicable laws will entitle AFS to immediately terminate the AFS supplier as a supplier to AFS and/or to disclose the matter to appropriate authorities, regulators, and/or law enforcement bodies.

Accenture Federal Services promotes a culture of transparency within its organization and supply chain and encourages employees and suppliers to speak up with legal and ethical concerns, both through line management channels and/or formal reporting channels. AFS suppliers must report to AFS suspected violations of these standards by the AFS supplier (or by its own employees, contractors, subcontractors, or suppliers). AFS suppliers must also report to AFS: (i) any information related to Accenture Federal Services' financial affairs, accounting practices, or auditing matters which is inconsistent with the standards set out in these Standards; (ii) any information related to behavior by AFS employees which is inconsistent with these Standards; or (iii) any allegation of corruption or fraud related to AFS or work the supplier performs for AFS.

Such reports must be made to [AFS Legal](#) or to the Accenture Business Ethics Helpline, where you may report your good faith concern via the web or obtain country-specific phone number to speak with an agent 24 hours a day, seven days a week: <https://businessethicsline.com/accenture>. In most cases, you may remain anonymous when using the Accenture Business Ethics Helpline; however, you must identify your concern as relating

Accenture Federal Services Supplier Standards of Conduct

to AFS (as differentiated from Accenture). AFS suppliers must prohibit any retaliation against any AFS supplier employee who: (1) comes forward to raise, in good faith, a concern about a violation of any law and/or any violation of these Standards of Conduct; or (2) assists AFS, or a law enforcement authority, by providing information to address a concern. In these Standards, **“retaliation”** means unfair treatment of any kind that follows from the raising of a good faith concern (or any threat of such unfair treatment). Note that nothing in these Standards of Conduct or any agreement with AFS is intended to limit whistleblowers rights under U.S. law.

Subject always to Accenture Federal Services’ disclosure rights and obligations, AFS treats all allegations seriously and in strict confidence. Depending on the nature and circumstances of the allegation, AFS may seek to work – if and when appropriate – with the AFS supplier and other affected parties to reach a proper and timely resolution.

Accenture Federal Services suppliers can report fraud, waste, or abuse to the Government’s Fraud, Waste, and Abuse hotline at 1-800-424-9098. Additionally, AFS suppliers in the United States may report concerns relating to human trafficking to the Global Human Trafficking Hotline at 1-844-888-FREE (3733) or at help@befree.org.

Accenture Federal Services Supplier Standards of Conduct

NOTE: Nothing in these Standards or in any agreement with AFS is intended to prohibit (with or without notice to AFS or Accenture) reporting possible violations of laws or regulations to a governmental agency, regulatory body, or a local authority, or from making disclosures that are protected under whistleblower laws and regulations.

Accenture Federal Services reserves the right to update these Standards from time to time to reflect changes in the regulatory or business climate.
